Quail Shooting Season Opens in  
Kentucky Tomorrow.

Birds Reported Plentiful in Some  
Sections, While They Are  
Scarce in Others.

The quail shooting season in  
Kentucky opens tomorrow. In some  
localities birds are said to be plen-  
tiful, while in other sections they  
are reported quite scarce.

The game law extends from No-  
vember 15 to the first of the year  
and during this period quail can be  
shot and exposed for sale, but after  
January 1 it is as much an offense  
to sell a bird as it is to shoot one  
out of season. The only law, out-  
side of the limit period for hunting,  
now on the statute books of Ken-  
tucky is the non-resident law. This  
is a copy of the Indiana law, and  
requires every citizen of another  
state who hunts in Kentucky to  
pay a license of \$25.50 or become  
subject to a fine for every offense.  
Similar laws exist at present in  
most of the states of the country.

### HUNTERS RETURN.

Plenty of Small Game Bagged  
But Deer Scarce.

Messrs. E. B. Long, Dr. J. A. O.  
Cook, and Stanley Long, all of this  
city; Al Rutland, of Empire, R. J.  
Carothers and Will Broadie, of La-  
fayette, John D. Anderson, and D.  
Peyton, of Nashville, Thos. Wil-  
liams, of Adams, Tenn., W. W. Sim-  
mons, of Memphis, and Ellis Ban-  
croft, of Battle Creek, Mich., re-  
turned Wednesday night from their  
Arkansas hunt.

They pitched tent at Old Town,  
Ark., where they spent a week. The  
party found turkey, duck, squirrels  
and other small game plentiful, but  
large game was very scarce. On ac-  
count of the very warm weather the  
outing was not what it should have  
been, but all report having had a  
pleasant trip of it.

### COL. HENDRICK

Passes Through Town and Finds  
Everybody for Him.

Hon. John K. Hendrick, of Pa-  
ducab, en route to Madisonville,  
stopped over in the city Wednes-  
day night. He met a lot of promi-  
nent citizens yesterday before his  
train time and received universal  
assurance of support. There will,  
from present indications, be no  
formidable opposition to Col. Hen-  
drick in his race for Governor in  
this county. He visited many  
counties in the recent campaign  
and found strong support every-  
where he went. He is especially  
strong in the Third district and his  
friends assure him that Warren,  
Logan and other large counties will  
instruct for him.

### ASYLUM RUMORS

Are Followed By the Appearance  
of Inspector Hines.

State Inspector Henry D. Hines,  
accompanied by Mr. H. B. Ware, of  
Frankfort, arrived in the city yester-  
day and registered at Hotel  
Latham. There are rumors that  
the presence of the inspector in the  
city is one of special significance.  
It is said that there has been a se-  
rious breach between commissioned  
officers of the Western Asylum and  
it is believed that serious charges  
have been preferred requiring the  
attention of Inspector Hines. There  
have been some very ugly rumors  
recently of a different nature, some  
of them said to have contained truth  
enough to justify the discharge of  
one or more employees of the institu-  
tion.

## If You Would Have Your Ship Come Home Heavily Laden, Launch It!

Mining investments afford the only way for people of small means to make a large amount of money. There are many Companies in which stock was selling a few years ago at a few cents a share and are now worth from one dollar to one hundred dollars. Many homes and the increase of many incomes are the result of the purchase of a thousand or two shares in a mining Company.

Extract from the Report Made by Mr. C. H. Bush, of Hopkinsville, Ky. to his Club, Sept. 1, 1902:

"From the appearance and testimony of old miners who have worked in other mines that were successful, I got a decided impression that the prospects of the Alpine are good for large, in not inexhaustible quantities of good ore, and to such an extent as to make it a profitable investment. I feel warranted in giving that opinion about it. The Alpine is located near the famous Lamartine, and it is claimed of a parallel vein, and it is urged by those who have worked in both mines, that when thoroughly developed will produce as good ore and in as great abundance." C. H. BUSH.

## LADY HENRY SOMERSET.

Temperance Leader Deplores the Increase of Drunkenness Among English Women.

Lady Henry Somerset has just returned to this country after an absence of several years. "There is one thing that gives me great concern," said the president of the Women's Christian Temperance Union, as her face grew sad. "I miss Frances Willard. She always met me at the pier when I came here. Now she is gone."

Lady Somerset does not look a day older than when she was in America last, nor has she lost the fire of her purpose. She responded quickly when asked various questions regarding in-

(President of the World's Christian Temperance Union.)

temperance, and described England as "a drunken nation." As for Mrs. Carrie Nation, she laughed heartily over the Kansas amazon, said that she was misguided and that her efforts to reform drunkards did more harm than good.

Lady Somerset handled the question of temperance in the army without gloves, and said that the time was not far distant when intoxicating liquor would not be tolerated even in the English army.

"Drunkenness is on the increase in England," said Lady Somerset. "I am only ashamed to tell the American people in what a deplorable state the United Kingdom is. It has become a nation of drunkards. It seems hopeless to work for its reformation. In the army alone, the very place where one would expect to find it, less spirits are used than formerly."

"The increase in intoxication at home is due to the spread of the disease among women. I am very sorry to hear that women in America are drinking more than formerly. I cannot believe it. I had such great hope of American women. They always seemed to have more backbone and will power than my country women."

"To illustrate to you how women abroad have taken to drink, I want to say that about 15 years ago the average of arrests in London for intoxication was four men to one woman. Now it is three women to one man."

"Why is it so? Well, one of the chief reasons is that there has been too much privacy about the public houses of late, and women are now able to go to any of them without being seen by the public."

"The increase in drink among women has naturally made a great increase in crime. The reason is apparent. Women are more excitable, sensitive and nervous in drink than men, and in this condition will commit crime more readily. The school bill, which was passed prohibiting the sale of liquor to children under 14 years has stopped drunkenness to some extent, but it is only a drop in the bucket."

thrastic coal strike and who met with hearty responses to his call for such meeting, was known as a peacemaker and compromiser even before he became a national factor in politics but he was also known as a hard fighter when he confronted a stubborn adversary. Maybury had served two terms in congress, has been mayor of Detroit for five years, and two years ago was the unanimous nominee of the Democrats for governor of Michigan.

## A PIG IN A POKE.

Buying a pig in a poke is the proverbial expression for a purchase of something whose value is unknown.

No one who buys Dr. Pierce's Golden Medical Discovery is purchasing a medicine of improved or doubtful value. It always helps. It almost always cures. Thousands of men and women who have been cured by the use of this medicine testify to a perfect restoration of health and strength by its use.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures dyspepsia, catarrh of the stomach and other forms of disease popularly known as stomach trouble. It builds up the body with firm flesh, not flabby fat.

"About ten years ago I began to be afflicted with catarrh of the stomach, also diarrhea," writes Mr. Wm. Walters, of Antioch, Mo. "I was troubled so often that I sometimes thought my end had come. Tried many remedies, but they gave only temporary relief. In November 1899, thought I would try Doctor Pierce's Golden Medical Discovery. I got six bottles and took five in succession. Then I thought I would wait for a time and take the one left. Soon found I had symptoms of the trouble coming back, so took the sixth bottle and it cured me. I have enjoyed the best of health this summer, and the credit all belongs to your 'Golden Medical Discovery.' I can't express my many thanks to Dr. Pierce for his remedy, for it did so much for me. Words cannot express what I suffered, the trouble was so severe."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

FREE. Dr. Pierce's Common Sense Medical Advice is sent FREE on receipt of stamps to pay expenses of mailing ONE. Send 21 one-cent stamps for the book in paper cover, or 51 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

and the two systems are not to be about things political that should be forgotten. One is to hold a state primary and the other is to again nominate and elect Gov. Jackson. The first is impracticable and the second would be unconstitutional. Primary elections are practicable when feasible, but it seems to us any one who will pause long enough to give the suggestion that we hold a state primary any consideration will conclude that it is impracticable. ## REPUBLICAN COMMISSIONERS

Say They Sought no Political Advantage in Counting Votes.

The two Republican Election Commissioners, Dr. Andrew Sargent and Sheriff L. R. Davis feel that an injustice was done them in questioning the correctness of their count of the returns from Christian county. The Kentuckian will do them the justice to say that in appointing officers and distributing the important places they were fair and impartial. It was in counting defective ballots not properly described in detail, as the law requires, that the Kentuckian found fault with them.

Ballots cannot be passed upon, no matter how good they may be, unless the law is complied with requiring descriptive statements in each case to be attached to the separate ballot, explaining why it was not counted. We have the assurance of the commissioners that they had no intention of counting illegal ballots and in fairness to them this explanation is made. If we are to have Republicans Dr. Sargent and Mr. Davis, both having been Democrats themselves, are about as satisfactory to their political opponents as are Republicans would be.

## CATARRH WHEREVER LOCATED IN THE SYSTEM!

MISS BEATRICE CALLAM.

Interesting Letters from Catholic Institutions.

In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs. With so many children to take care of and to protect from climate and disease, these wise and prudent sisters have found Peruna a never-failing safeguard.

A letter recently received by Dr. Hartman from Sister Beatrice B. Callam, 410 W. Thirtieth street, New York, reads as follows: "I cannot say too much in praise of Peruna. Eight bottles of it cured me of catarrh of the lungs of four

years' standing, and I would not have been without it for anything. It helped several Sisters of coughs and colds and I have yet to find one case of catarrh that it does not cure."—Sister Beatrice.

From a Catholic Institution in Central Ohio comes the following recommendation from the Sister Superior.

"Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which threatened to be of a serious character.

"We began to use it and experienced much wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."

Another recommendation from a Catholic Institution of one of the Central States written by the Sister Superior reads as follows:

"A number of years ago our attention was called to Dr. Hartman's Peruna, and

since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach.

"For grip and winter catarrh especially it has been of great service to the inmates of this institution.

## SISTERS OF CHARITY

All Over the United States Use Peruna for Catarrh.

Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommendation recently received from a Catholic Institution in the Southwest reads as follows:

A Prominent Mother Superior Says: "I can testify from experience to the efficiency of Peruna as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it. For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado, hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I considered myself cured, yet for a while I intended to continue the use of Peruna. I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have not a doubt that a cure will be speedily effected."

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States.

The names and addresses to these letters have been withheld from respect to the Sisters but will be furnished upon request.

One-half of the diseases which afflict mankind are due to some catarrhal derangement of the mucous membrane lining some organ or passage of the body.

A remedy that would act immediately upon the congested mucous membrane restoring it to its normal state, would consequently cure all these diseases. Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidneys, or pelvic organs. A remedy that will cure it in one location will cure it in all locations.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
